**Fairview Regional College Transition Committee**  
c/o Committee Administrator Daryl Greenhill

**Re: Municipal Financial Support for the Fairview Regional College Transition Committee**

Dear Members of the Fairview Regional College Transition Committee,

At the Regular Meeting of Council held on **December 16, 2025**, the Town of Fairview Council formally considered the request for municipal financial support for the Fairview Regional College Transition Committee (the Committee).

Council wishes to express its strong support for the Committee's efforts to serve as a unified regional voice in advancing the future of the Fairview campus. Council recognizes the significance of this work and the value of a collaborative, well-researched, and professionally guided approach in the development of a comprehensive proposal for consideration by the Minister of Advanced Education.

Council further acknowledges the necessity of engaging specialized professional services, including legal and business planning expertise, to ensure that the Committee is appropriately supported as it undertakes this important mandate on behalf of the region.

Accordingly, Council passed the following motion:

**Motion 161225 8.2 a:**

*That Council approve a contribution of a maximum of **\$15,100 for 2025** and **\$22,650 for 2026** to the Fairview Regional College Transition Committee.*

This financial commitment is consistent with the population-based funding model presented by the Committee and is subject to invoicing based on actual expenditures, net of any community donations received, as outlined in your correspondence.

The Town of Fairview values the collaborative leadership demonstrated by the Committee and the participating municipalities and remains committed to supporting initiatives that strengthen post-secondary education opportunities and long-term regional sustainability.

Please do not hesitate to contact our office should further clarification or information be required.

Yours sincerely,

**On behalf of the Town of Fairview**

Lynn Lekisch  
Legislative Services Coordinator
